About Us

As part of our newsletter each month we'll share something about us. That could be an experience one of us had, or something that we accomplished as a team.

About You

With permission, we'd love to share some of the amazing and wonderful stories you (and others) share with us at the office. Don't worry, they won't all be dental stories... or will they?

About Life

Life inspires and amuses us, and we will try to share those feelings as we write to you each month. When a local event catches our attention we'll share it with you --- and hope to see you there!

New Year, New Experiences

Okay, so this happened in December, but bear with me...

My wife and I brought our two oldest grandchildren to see the Christmas show at the Bushnell. It was the kids' first time seeing the Hartford Symphony Orchestra and we got there early due to the snowy conditions that day. We didn't know what to expect and so the only question we could answer was "when is it going to start?" Soon!

The show opened with a medley of familiar Christmas tunes and Jackson squirmed with disinterest... and then, the cirque performers began their acrobatics and tricks to the delightful "ooh's" and "ahh's" of the crowd. Jackson loved the balancing

Start a New Winter Tradition!

Stop by Bushnell Park in Hartford for an outdoor skating experience for the whole family. The rink is open through January 8th and offers skate rentals and free skating, accompanied by popular music. Above, you can see Dr. Norige teaching Jackson a thing or two about skating last year.

movements one performer did with a pane of glass, and later a giant cube!

Then, the excitement in the crowd peaked with a brief visit from Santa. Cadence is confident it was really one of Santa's helpers, but Jackson is sure that it was him!

Donna and I couldn't be happier to have shared a new experience with the grandkids.

It is my hope that 2017 brings you the opportunity to try a new experience, and have that memory to cherish... or, if you prefer to make resolutions, maybe one could be to floss twice a day..
