

South Windsor Smiles News

Healthy Smile, Healthier Life.

No Insurance... No Problem!

Dental insurance used to cover any and all costs relating to dental care, but increasingly insurance companies are declining services to their clients... Or denying full payment to the dentist leaving patients with an out-of-pocket charge — *even though they paid for insurance!*

The other option was to bypass the insurance companies and pay for care for yourself, by cash, check, or credit card, or loan.

Now there is another option!

Dr. Norige’s Smile Fitness & Savings Club!

Exclusively for patients without dental insurance.

This membership club is designed to help people without dental insurance be able to more easily afford the dental care they need — specifically including hygiene “cleaning” visits, and offering a big discount on all additional services.

Sorry, contractually we cannot extend this offer to people with dental insurance.

Why is Dr. Norige offering the savings club?

He knows it can be financially stressful when something needs fixing, and this is a way to lessen that burden for some folks. Dr. Norige also wants to ensure that the hygiene care

“Dental savings plans do exactly what they claim to do— save you money!”

— Suze Orman

Tuesday 8-5

Wednesday 8-5

Thursday 8-7

Closed Friday

No Insurance... (cont.)

needed to maintain best health is available to all patients.

How does this membership club work?

Savings club membership is similar to a gym membership where you pay a small monthly fee to cover your hygiene “cleaning” visit including exam and necessary x-rays.

Membership also grants you exclusive access to big savings on all additional services like crowns and fillings with no deductibles and no exclusions! So if you want whitening treatment or invisible braces the savings club discount can absolutely be applied to those services.
