Healthy Smile, Healthier Life.

Team Smiles Goes “Next Level”

Our whole team attended the CT state dental association (CSDA) meeting in October. We continue on our journey of never ending improvement on the the care and service we provide.

Both photos are the team at the meeting in Southington. At right, Doc’s selfie skills are improving!

Thank You
For Your
Referrals
In October!

We know the greatest honor we can receive is you referring your friends & family members.

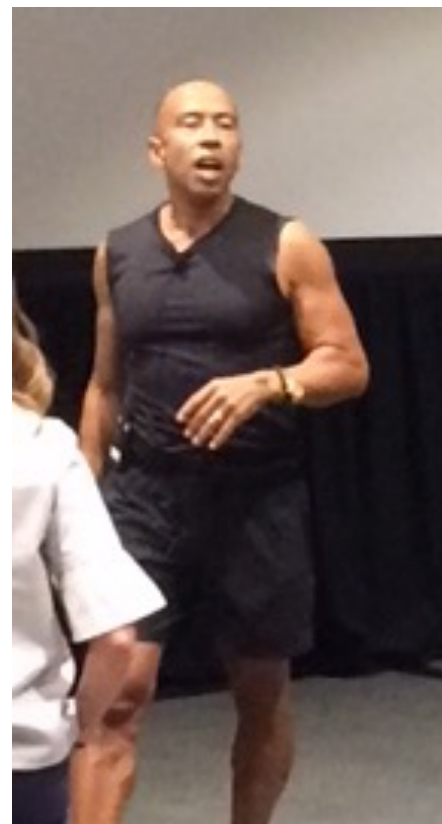

*You are what keeps us going.
Thank You!*

DOC'S FAVORITE PRESENTER IS NO SURPRISE

The American Dental Association held their annual meeting in Atlanta this month, and Doc was there. His favorite class focused on whole body health, which is right in Dr. Norige's wheelhouse.

Dr. Uche Odiatu's class, "Movement" combined lecture with strength, flexibility, and cardio training (Dr. Odiatu pictured, at right).

“I was among the oldest of those taking that class, but I didn't quit!” - Dr. Norige

Doc is pictured below with Dr. Charles Blair, a dental insurance specialist that helps dental offices break through the insurance companies' red tape; his expertise makes insurance companies pay more and patients pay less for treatment.

Also below, Doc and Dr. Ross Nash, who presented "Adhesive Dental Restorations", focusing on the best new materials for ease of use for the dentist and durability for the patient.

A Rave Review:

“I just really like this office. The people from the desk, to hygienists, to Dr.'s are all fantastic.”

- Dennis B.

Meanwhile, at the A.D.A. Annual meeting:

Dr. Norige with Dr. Charles Blair, left.

Dr. Norige and Dr. Ross Nash, right.
